HISTORY

Stone Age
BCE- Before Common Era
BC- Before Christ
early humans, Neanderthals, Homo sapiens, extinct Stonehenge, Skara Brae, farming, flax, animals, woolly mammoth, woolly rhinoceros, mastodon, sabre-toothed tiger, tools, weapons, stone, handaxe, borer, hammerstone

Paleolithic Period- This began when they first made tools using stone.

Mesolithic Period- The middle Stone Age. Hunter-gatherers began to use farming methods and store food.

Neolithic Period- People began to trade, wanting things they did not have.

GEOGRAPHY

human geography, physical geography,

settlement, Skara Brae, village, town, city, capital city, county, counties, country, countries, continent, landmark, archeologist
Skara Brae

United Kingdom, island, sea, Europe, atlases, maps, globes,

It is found on the Orkney islands off the North of Scotland.

Circular houses were built made of stone, turf, seaweed and straw.

The villagers of Skara Brae were skilled hunters, fishermen and farmers.

It is believed to have been a peaceful community because no weapons have been found there.

ART

Investigating, preferences, creating, experimenting, evaluating,

paint, line, colour, shade, tone, texture, brushstrokes, pastel, charcoal, movement, impressionist

The Star

Edgar Degas - 1878

Degas was born and died in Paris (1834- 1917).

He was a famous impressionist painter, who mostly painted dancers or horses.

He was an expert in showing movement in his art work.

Early humans paint pictures in caves- 40,000 BCE

D.T

investigating, analysing, designing, making, evaluating,

construction, building, landmark, monument, scale, stones, materials, weight, fix, position, sandstone, altar stone, trilithon, sarcen stones, heel stone
Stonehenge

It is found on the Salisbury plain in Wiltshire, England.

It receives over 20,000 visitors every year.

It is believed to have been constructed in 2500 BCE.

The Heel Stone marks the position of the rising sun at the summer solstice in June.

The Stone Age Timeline

4 000,000BCE	798 000 BCE	448, 000 BCE	398, 000 BCE	123, 000 BCE	58, 000 BCE	38, 000 BCE	18,000 BCE	8,000 BCE	8,000- 4,000 BCE	4,000BCE	2,900 BCE	2,2000BCE
The earliest humans lived finally reached in Africa.	Early humans finally reached Britain.	Thick ice covered Britain. Too cold for humans to survive.	Neanderthals came to live in Britain.	Britain became an island. Neanderthals were left in Europe.	Neanderthals returned to Britain.	Homo sapiens arrived in Britain.	Ice returns. Humans disappear.	End of the Paleolithic or Old Stone Age	The Mesolithic period.	The Neolithic Stone Age began.	Stonehenge is built.	The Stone Age came to an end.
